

25.05.2023

8.00-8.30 **Participants registration**

8.30-9.00 **Opening ceremony**

9.00-11.00 **Inguinal hernias**

9.00-9.15 **Nebojša Radovanović/Radoje Čolović**
Development of hernia surgery in Serbia

9.15-9.35 **Jan Kukleta**
Why I prefer TAPP

9.35-9.55 **Marc Miserez**
Is unilateral lap. Inguinal hernia repair a job half done?

9.55-10.10 **Aleksandar Gluhović**
From TAPP to TEP evolution or

10.10-10.25 **Marinko Žuvela**
Strategy for treatment of giant ing.scrotal hernias-
series of 21 patients during 15 years

10.25-10.40 **Tamara Živanovic**
US guided nerves blocks in inguinal hernia surgery

10.40-10.55 **Dejan Dabić**
Shouldice technic past or ..

Coffee break

11.15-12.30 **Abdominal wall reconstruction**

11.15-11.35 **Gu Yan**
Management of abdominal wall tumors

10.35-11.55 **Marinko Žuvela**
Abdominal wall reconstruction follows abdominal
wall tumor resection

11.55-12.15 **Yang Shui**
Application of initial content reduction (ICRT) in
treatment of giant abd. Hernias

12.15-12.30 **Danijel Galun**
The modified sublay technique for management of major subcostal incisional hernias – Long term follow up of 37 consecutive patients

12.30-13.30 **Oral/video presentations**

13.30-15.00 ***Lunch break***

15.00-16.15 **Incisional hernias**

15.00-15.15 **Thomas Simon**
Laparoscopic repair of parastomal hernias

15.15-15.35 **Marko Živanović**
Simultaneous solving of multiple abd. wall hernias in local anesthesia

15.35-15.50 **Miloš Vasić**
IPOM

15.50-16.05 **Bojan Radovanović**
E- tep in ventral and incisional hernia repair

16.05-16.20 **Vladimir Cijan**
Beneficial effects of the Hernia Service in a University Clinic- 10 years of experience

16.20-16.35 ***Coffee break***

16.35-17.30 **Round table**
/organization, education, registers, guidelines /

Introduction **Zhenling Ji**
Training and Education for Hernia Surgery in China

17.30-18.30 Oral/video presentations

19.30 ***Gala diner***

26.05.2023

Hiatus hernia

- 8.30-8.50 **Thomas Simon**
Laparoscopic repair of hiatal hernias
- 8.50-9.10 **Zhenling Ji**
Diaphragmatic hernia and eventeration
- 9.10-9.30 **Ognjen Skrobić**
Laparoscopic hiatal hernia our experience
- 9.30-9.45 **discusion**
-

Open versus laparo

- 9.45-10.05 **Gu Yan**
Management of incisional hernia in obesity patents in China
- 10.05-10.20 **Dejan Dabić**
Is the number of previous operations a contraindication for lap.incisional hernia repair
- 10.20-10.40 **Jan Kukleta**
Diastasis recti lap approach
- 10.40-10.55 **Marinko Žuvela**
Individual strategy for patients with abdominal wall eventeration -Different component separation technique with mesh augmentation
-

11.00-11.15 *Coffee break*

- 11.15-11.35 **Andeja Antić**
TAR first experience
- 11.35-11.55 **Zhenling Ji**
Singl port robotic surgery
- 11.55-12.15 **Marc Miserez**
Technical aspects of the TAR tecnic
- 12.10-12.25 **Mile Mrkšić**
Complication in TAAP procedure
- 12.25-12.40 **Aleksandar Bogdanović**
Modification of component separation technique in complex subcostal abdominal defects

12.40-12.55

Coffee break

12.55-13.15

Yang Shui

Current prevalence of perioperative early venous thrombo-embolism and risk factors in Chinese adult patients with inguinal hernia

13.15-13.30

Aleksandar Gluhović

Shouldice jockey-in mesh inguinal hernia surgery

13.30-13.45

Slobodan Jovanović

Laparoscopic treatment of ventral hernias with IPOM technique - our experience

13.45-14.00

Predrag Bojović

Lichtenstein technique in elderly patients

14.00-14.15

Predrag Ivanović

TAAP

14.15 - 15.15

Lunch break

15.15 - 16.30

Oral/video presentations

16.30 - 17.00

Closing Ceremony
